— COMPARISON WITH YOUR CHECKLIST

CRITERION	RESULT
Match with reference	Confirmed
Dimensions per checklist	Deviation: +3 mm
Finish / surface	No defects
Label / marking	Present

— OVERALL ASSESSMENT

The sample is convincing and close to the reference. The dimensional deviation on one edge is small but should be clarified with the supplier and fixed in the order before mass production. A pre-shipment control is recommended for the batch.

What this report is — and is not
This report documents a personal check to the best of my knowledge. It is not a certified QC inspection to standard, not legal advice and not a guarantee for future deliveries. It supports your own decision with traceable facts.
